Summary

Results-driven Software Engineer with hands-on experience in cross-platform mobile development (Flutter/Dart) and scalable backend systems (Python, FastAPI, Node.js, SQL/NoSQL). Proven track record architecting end-to-end applications, designing asynchronous RESTful APIs, and delivering high-performance web and mobile solutions for real-world client operations.

EDUCATION

Bachelor of Science in Software Engineering Hazara University

Bachelor of Science in Software Engineering Hazara University

2023 – 2027

Royal College of Sciences, Mansehra

FSC (Pre-Engineering)

2021 – 2023

Experience

Devnox Solutions

Mansehra, Pakistan

Full-Stack Developer (Flutter & FastAPI)

- Architected cross-platform internal products and client applications using Flutter, enabling a single codebase to serve both mobile and desktop deployment targets.

- Delivered a Python-based desktop store management system using Tkinter and SQLite, giving offline-capable point-of-sale functionality to non-technical staff.
